Invalid email approval

To Mark Callahan

The action "Approved" provided in your email approval is invalid. Please reply to the email with one of the following actions: Approve, Reject.

Instance Name: "CAR00324 : SBX-CAR-R04(2604) : Mark Callahan", Process Name: "SBX-CAR-R04"

This message occurs when anything other than approve or reject is put in the first line

Invalid email approval

To Mark Callahan

Add the 2nd line

The email approval (action approve) failed. Either the task has already been performed or you cannot perform approval actions.

Instance Name: "CAR00324 : SBX-CAR-R04(2604) : Mark Callahan", Process Name: "SBX-CAR-R04"

Add instance & process info

Please add the Instance and process data to the message which occurs when someone tries to use an outdated link, if you can also add the time and date of the error that would be superb.
